

TIR+ facilitates TIR operations by providing a higher-level financial guarantee over the TIR Carnet limit through the International Road Transport Union and its member TIR Associations

What is TIR+?

- TIR+ is a secure guarantee voucher provided by IRU and distributed to authorised TIR Carnet Holders only.
- TIR+ is available to all transport operators using the TIR system.
- TIR+ means a higher-level guarantee of 100,000 over the limit provided by the TIR Carnet.
- Customs can check the validity of the TIR+ voucher and the TIR Carnet online on <https://tircustomsportal.iru.org/>
- The TIR+ voucher can be activated in one click through a simple dedicated website www.tirplus.net

Advantages for TIR Carnet Holders

- Time and cost saving by replacing pricey escorts and national sureties.
- The TIR+ procedure is very simple: minimum steps required due to 100% secure control ensured by an online registration process.
- Flexibility: the TIR+ voucher can be activated anytime and anywhere before arriving at or while crossing the border.
- No additional paper work is required.

Advantages for Customs Authorities

- Provides a time and cost saving alternative to customs escorts.
- Frees up human and vehicle resources.
- Access to TIR+ is only available to duly authorised TIR Carnet holders, using secure TIR approved vehicles.
- Significant financial security for customs with a credible coverage provided through IRU by a pool of major international and local insurers.
- Procedures for TIR+ are similar to those used for regular TIR operations and are therefore well known.
- Full electronic support: access to the IRU database is available in order to verify the validity of a TIR+ voucher and the TIR Carnet.
